COMPANY OVERVIEW

Founded in 1988, Urban Peak is the only non-profit organization in Denver that provides a full convergence of services for youth ages 15 through 24 experiencing homelessness or at imminent risk of becoming homeless. Our goal is to meet youth where they are and to provide them with the assistance and support they need to become self-sufficient or obtain the necessary services they need to exit a life on the streets. Urban Peak provides numerous programs and services that are founded on the principles of trauma-informed care and Positive Youth Development to assist youth in reaching their potential and living a successful life off of the streets. Services include street outreach, a 40-bed shelter for youth ages 15 through 20, a daytime drop-in center, supportive housing, education and employment services, case management, life skills courses, behavioral health evaluations, meals and more.

The youth served at the shelter come from a variety of backgrounds, and we strive to be a safe community for all youth, regardless of race, ethnicity, national origin, religion, class, educational background, sexual orientation, gender identity, or ability status.

JOB SUMMARY

Under the supervision of the Outreach/ Shelter/Housing Program Supervisors, Urban Peak's Peer Navigator is responsible for providing client-centered assessment and navigation, helping youth to determine their individual pathway from the streets or shelter into self-sufficiency and stability. They connect with youth on the streets, in the Drop-In Center, and at the Urban Peak Shelter to build healthy and strong relationships with these youth in order to empower and accompany them on their path to self-sufficiency. The Peer Navigator also acts as a liaison to inform youth from a collaboration of local service providers (Denver Rescue Mission, St. Francis Center, and Samaritan House) about the services offered by Urban Peak and assist those youth in navigating any barriers to accessing Urban Peak services. This is accomplished through spending time helping to operate milieu program space, outreach on the streets and to other Denver area service providers, one-on-one peer work with clients, and occasionally co-facilitating groups, classes, and activities alongside other program staff. The Peer Navigator works as part of a larger interagency team (the Denver Peer Navigator Collaborative) to coordinate care and services for people experiencing homelessness in Denver, and function as an integral part of the Continuum of Care in the Denver Metro area. This position will require a trauma-informed outlook on clients and will work to emphasize healthy physical and emotional boundaries with Urban Peak clients and staff.
